Well the kids play by themself
To them we're kinda bored
They're running round with the curiosity
That we think that we lost
But it's easy to wake up
Just a smile and a watergun
A bucket tossed at someone
And the war has begun

We're enjoying life
Like we used to do
When we where at school
We're having a good time
Hunting each other down
In a in fant game
But the kids are taking us in just fine
And that makes my heart go wild
Yeah, play with me
Come play with us
Play with me

Someone calls hey come and eat
But nobody hears
Music is larming (Shalalala)
Laughs outside (Shalalala)
What if it gets burned
Thats no disaster right now
Drench him in water, hunt him down
And put the music up damn loud

C Bb Am Gm

Let's enjoy life
Like we used to do
In our yoth
Have a good time
Come on and hug me once
Kiss me twice
Thank you for bringing me the lights
So I can see the meaning of life
Come dance with me,
Dance with me
Dance with me and
Enjoy life (Shalalala)
